Product Description

Wright Velke HC 48" Walk Behind Mower

LIGHT & COMFORTABLE.

The Wright Velke HC 48" is a commercial-grade walk-behind mower designed for ease of use and operator comfort. Its floating deck design provides a smooth cut on uneven terrain, while intuitive controls make handling straightforward. The HC series falls in the mid-range category, offering hydrostatic drive performance at a great value—ideal for professionals looking for dependable results without stepping up to a large-frame unit.

This mower is part of Wright's WVHC series, which strikes a balance between affordability and performance—perfect for landscapers and commercial users who need agility and consistent cutting power.

Best For

- Landscaping professionals
- Route-based lawn care crews
- Tight-access properties
- Residential and light commercial jobs
- Contractors seeking value-driven performance

Light. Comfortable. Commercial-Ready.

The Wright Velke HC 48" walk-behind mower is designed for professionals who need dependable performance in a compact, comfortable platform. With hydrostatic drive and a floating deck design, it delivers smooth handling and consistent cut quality without stepping up to a large-frame unit.
