Product Description

Ferris IS® 2600 61" Zero Turn Mower

AFFORDABLE AND DEPENDABLE DIESEL POWER FOR LAWN CARE PROS

The IS® 2600 mower builds on the Ferris zero-turn legacy, offering diesel power with premium features and enhanced productivity. Featuring our iCD™ Cutting System and long-life greaseable cast-iron spindles, this machine truly performs under the rigors of professional landscaping.

Features

- **3-Cylinder Yanmar Diesel Engine** - Delivers reliable 24 HP diesel power designed for demanding commercial mowing applications.
- **61" iCD™ Cutting System** - Engineered for efficient cutting performance and consistent lawn finish quality in professional environments.
- **Long-Life Greaseable Cast-Iron Spindles** - Built for durability and extended service life under frequent use.
- **Ferris IS® Suspension Platform** - Enhances operator comfort by reducing vibration and improving ride quality on uneven terrain.
- **Heavy-Duty Commercial Frame Design** - Constructed to withstand the rigors of daily professional landscaping operations.
- **Zero-Turn Maneuverability** - Allows precise control and efficient navigation around obstacles and tight areas.
- **Diesel Fuel Efficiency System** - Optimized for long operating hours and consistent performance in commercial use.

Best Use

- **Commercial Lawn Care Operations** - Ideal for professional landscapers managing large properties

and continuous mowing schedules.

- **Large Property Maintenance** - 61" deck width supports efficient coverage of expansive lawns and open landscapes.
- **Heavy-Duty Landscaping Workflows** - Designed for crews needing durability, comfort, and long operating life.
- **Performance Comparison Projects** - [battery vs gas mower equipment](#) - Useful for operators evaluating long-term fuel efficiency, torque output, and uptime between power systems.
- **Professional Service Routes** - "[stop yard landscaping](#)" - Fits structured landscaping service operations requiring consistent, high-output mowing performance.

Commercial Diesel Zero-Turn Mower for Professional Landscapers

The Ferris IS® 2600 61" Zero Turn Mower delivers dependable diesel performance with a 3-cylinder Yanmar diesel engine, a 61" iCD™ cutting system, and a heavy-duty commercial suspension platform. This reliable zero turn mower is built for landscaping professionals who need durability, comfort, and efficient cutting performance across demanding job sites.
