### Product Description

## Wright Stander ZK 72" EFI Floating Deck Stand On Mower

### ULTIMATE & POWERFUL.

When we developed the Stander<sup>®</sup> ZK, nothing was held back! The result is the most productive and versatile large frame mower ever built. Big-bore EFI engines provide power without compromising efficiency. High flow hydraulics propel high traction 23" or 24" tires for excellent hill holding, and dual-sided fuel tanks provide all-day run time. Take on your next season with a ZK. It's the ultimate stand-on mower. Period.
